BOOTSTRAPPED COMPANY TO SUCCESS

founded and led multi-million dollar start-up

PROVEN RECORD OF DEVELOPING PRODUCTS

from architecture design to customer delivery

HIGHLY MOTIVATED SELF-STARTER

looking to be challenged, solve problems, and innovate

Professional Experience

CHIEF EXECUTIVE OFFICER

Proctorio

2013 - 2017

Founded B2B SaaS company that prevents students from cheating on computer based exams.

With over 400 clients - including Harvard, Columbia, and the entire California Community College system - Proctorio is the leader in delivering secure exams via automated processes in the US higher education with millions in revenue and over twenty employees.

WEB APPLICATION ENGINEER

Arizona State University Online

2013 - 2014

Developed software to recruit students to the leading and largest online school in the United States.

MECHANICAL DESIGN ENGINEER

Alliant TechSystems (ATK)

2011 - 2013

Led XM813 development from concept to low-rate production. This weapon system is now fielded as first line defense by the US Army on Russia-Ukraine border.
